

**RMMS 2016 TRADE SHOW BOOTH APPLICATION**

On Thursday, August 18, 2016 the Rocky Mountain Measurement Society (RMMS) will host a measurement industry trade show. This one full day event is a fundraiser for the RMMS Scholarship Program. All proceeds will go into the RMMS Scholarship Account. This is an opportunity for users and suppliers to get together and discuss issues with measurement, possible solutions and the latest technologies. The trade show will be held at the Embassy Suites by Hilton 4705 Clydesdale Pkwy, Loveland, CO 80538. The trade show will consist of an exhibit area and classroom presentation for users to present issues or vendors to present their products.

For the users, the trade show allows them to see multiple vendors in one day, and gain an understanding of the newest technologies from the companies that have developed them. Lunch will be included in the price of admission along with snacks and a door prize drawing.

For vendors, this is a great opportunity to feature your devices and service to a focused group of measurement personnel. Attendees will represent all areas of the regional measurement community. From field techs to data analysts to measurement department directors, this event is a premium occasion to meet new clients and discuss new products with your existing customers. The RMMS board is accepting applications from vendors to exhibit at the show.

**Contact Information for Booth Set-up**
