

RMMS 2017 TRADE SHOW PRESENTER APPLICATION

On Tuesday, August 15, 2017 the Rocky Mountain Measurement Society (RMMS) will host a measurement industry trade show. This one full day event is a fundraiser for the RMMS Scholarship Program. All proceeds will go into the RMMS Scholarship Account. This is an opportunity for users and suppliers to get together and discuss issues with measurement, possible solutions and the latest technologies. The trade show will be held at the Embassy Suites by Hilton 4705 Clydesdale Pkwy, Loveland, CO 80538. The trade show will consist of an exhibit area and classroom presentation for users to present issues or vendors to present their products.

For the users, the trade show allows them to see multiple vendors in one day, and gain an understanding of the newest technologies from the companies that have developed them. Lunch will be included in the price of admission along with snacks and a door prize drawing.

If you have an experience you would like to share, RMMS invites you to submit your abstract to present at this years trade show. Abstracts are accepted from both industry and vendors. If you have created the next greatest invention in measurement, come tell the users all about it. Presentation length will depend on the number of accepted abstracts but will typically be between 30 and 35 minutes.
